Economy and Society in the Post-COVID-19 World: The Road to Growth, Distribution, and Common Prosperity

The world has struggled to cope with the COVID-19 that changes our economic system and deepens pre-existing social challenges like inequality. Amid these trying times, the facilitation of growth and distribution has emerged as an underlying theme of political discussions in Asia. What does it mean? How will they impact the relationships between countries?

Available on Thursday, January 20, 2022 17:00
