Family and Inequality: “Diverging Destinies” in Japan?

How relevant are theoretical frameworks developed in the U.S. and Europe for understanding patterns of family change and socioeconomic inequality in Japan? I begin to address this question by synthesizing the results of several recent papers on socioeconomic differences in family demographic behavior and children's well-being in Japan.

2022.9.13 [Tue.]

5:00 pm-6:30 pm

Speaker

James RAYMO

Jim Raymo is Professor of Sociology and the Henry Wendt III '55 Professor of East Asian Studies at Princeton University. He is currently involved in a new project that explores explanations for low fertility in Japan and another that examines inequalities in children's development in Japan. He is vice-president of the Population Association of America and associate editor of *Demography* and *Journal of Gerontology: Social Sciences*.
