Book Launch

Plural Entanglements Philippine Studies

Area Studies is a contentious field where debates on its colonial roots, scholars' perspectives and positionality, and its directions occasionally arise. In this online launch of *"Plural Entanglements: Philippine Studies"*, anthropologist Dr. DOCOT will discuss these debates and the inclusive values of the book published by Ateneo de Manila University Press, while Dr. BARRETTO-TESORO will present an innovative chapter using Indigenous perspectives to advance a decolonial approach in Asian studies.
