Culture and Democracy in Contemporary Korea

The so-called 'K' culture originating from South Korea has gained popularity not only in Japan but also globally. This talk will focus on understanding this current situation in the context of political, economic, and societal changes in South Korea since the late 1990s. By doing so, it will provide an opportunity to shed light on the relationship between culture and democracy in contemporary South Korea, and offer some modest insights for contemplating the often turbulent Japan-Korea relations.

2023. **10.24** [Tue.]
10:30-12:00 JST

Commentator

ISHII Tsuyoshi

Professor,
Graduate School of Arts and Sciences,
