▶ Answering received mail (WEB)

- Check the email you received.
- Select the answer URL (for mobile phone) in the text and access the answer screen.
* If there is no URL notation, you can not answer from WEB
- the answer screen will be displayed
- Select the answer item.
- Please press [次頁]

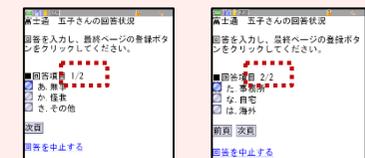

- The confirmation screen will be displayed
- Please press [登録]
- You will receive a completion message.

You can optionally enter a message.

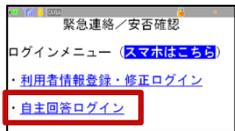

★ One Point

If there are multiple answer items, the number of questions will be displayed.

▶ Voluntary Answer-Mobile Phone-

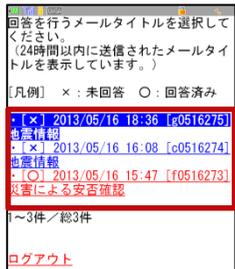

1 Access the mobile site, and select "自主回答ログイン" from the login menu.

2 Enter "ID" and "パスワード"

3 Press [ログイン].

4 A list of email titles will be displayed.

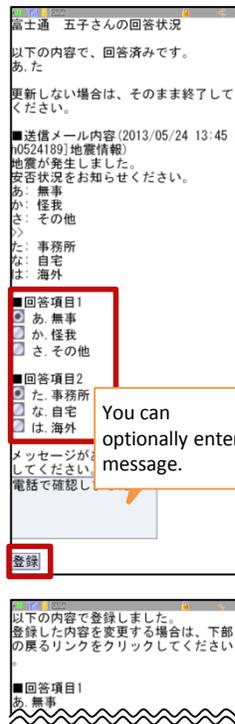

5 Select an email title to answer.

6 The answer screen will be displayed.

7 Select your answer.

8 Press [登録]

9 A completion message will be displayed.

You can optionally enter a message.

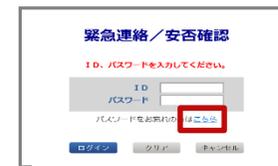

▶ Password initialization

When you log in to the service for the first time, or if you forgot your password, you can register a new password from "パスワードをお忘れの方はこちら" on the login screen.

1 Access the user site and click "ユーザ情報登録・修正".

2 Click on 「パスワードをお忘れの方はこちら」.

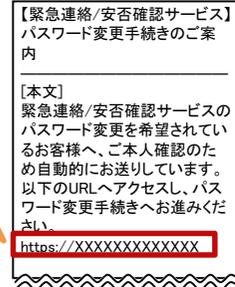

3 Enter the ID in the ID list once you are transferred to the screen shown on the right and press [送信].

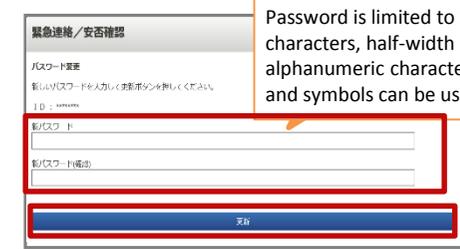

4 You will receive a "【緊急連絡/安否確認サービス】パスワード変更手続きのご案内" e-mail at the registered e-mail address.

5 Open the received mail and access the initialization URL.

The password initialization URL is valid for only 30 minutes.

6 Enter a new password from the Change Password screen to update the password.

Password is limited to 16 characters, half-width alphanumeric characters and symbols can be used

6 The screen changes to the password change completion screen.

7 The "緊急連絡/安否確認パスワード変更(結果)について" email will be sent to the registered email address, and the password change process will be completed.

※You can download it from the link below.

<https://play.google.com/store/apps/details?id=safety.anpi.android>

2. Identification information used when registering the application

※You can download it from the link
ems8/ky11/ut-safety

Email transmissions in a time of disaster

At the time of disaster, etc.
<Ut-safety@ems8.e-ansin.com>
You will receive an email on the email address registered (university, mobile or home) in the Human Resources Information System.

※In order to receive a safety confirmation email at the time of a disaster etc., please set the domain designated reception setting of "e-ansin.com" for mobile phones etc.

To secure a Wi-Fi connection in a time of disaster

In the event of a disaster, it is expected that carriers' networks will be difficult to connect. **free** **easy**

"Japan Connected-free Wi-Fi" is an application that can be connected to free Wi-Fi in Japan free of charge with easy operation (area search is also possible).
※You need to register in advance.
